Jail and Inmate Frequently Asked Questions

Please ensure to list the inmate's name and your return address on any correspondence, the money order or cashier's check and on the envelope in which you mailed it. This will allow funds to be returned if the inmate you sent money to has left the facility.

4. How can I bond someone out of jail?

The method of bonding someone out of jail is dependent upon the type of charges he or she was arrested on.

A bond must be paid in full and may be posted as a Cash Bond or Surety Bond (which requires a bonding agent). If the charge is a Civil Offense such as Child Support only a Cash Purge may be posted and it requires the amount of the bond to be paid in full. Payment can be in the form of cash or if paid by a cashier's check or money order it must be made out to the Clay County Sheriff's Office with the inmate's name and booking number for reference. Child Support payments must be paid at the Clerk's Office during working hours or at the jail when the Courthouse is closed. A cash surety bond may be posted to bond the individual out of jail. When utilizing a Surety Bond you must contact a Bonding Agent. When you fulfilled your obligation with the Bail Agent they will present the necessary paperwork to the facility to initiate the release of the inmate.

As a correctional facility we cannot recommend any bonding agency.

5. Can inmates receive telephone calls?

Incoming calls or messages to the inmate will not be accepted. However, inmates have access to telephones during the day and can only make collect calls out of the facility. In the event of a serious medical emergency or death within the inmate's family the chaplain may be notified at 904.213.5924 or the on duty Supervisor at 904.213.5922.

6. How and when can I visit an inmate?

It is the inmate's responsibility to notify family members and friends they have been listed as a visitor, what days they have visitation and the time to be at the jail visitation area. Any changes to the list must be submitted by the inmate on an Inmate Visitation Form. Appropriate attire must be worn by any visitor entering the facility and visitors can be turned away at the discretion of the Visitation Officer for non-compliance of the dress code. Appropriate attire is posted in a display case outside the door to the visitation entrance.

7. How long does the release process take?

All releases have various factors which may impede the process. For example, if an inmate has been to court and has been released by a judge, the process cannot start until the paperwork authorizing the release is received from the courts by the booking room at the facility. Once the paperwork is received the release process will be completed as quickly as possible. Court paperwork for both regular courts and First Appearance is received at the same time and not in the order which a defendant was seen by a judge.

It is important to remember that the inmates will not be returned to the jail until all the inmates have been seen by the judge. This process may take up to several hours after they have seen the judge. Please be patient.

If a Cash Bond, Surety Bond or Cash Purge has been posted for release of an inmate, the process will be expedited as quickly as possible. Anyone that is being released from custody due to End of Sentence (EOS) will start exiting the facility after midnight provided they have a ride or at the 0600 shift change. In the event a release is prolonged due to extenuating circumstances, every effort will be made to expedite the process.
